

One Is The Only Number

Amy Studt

One is the only number that I should ever know
It's easier, it's easier
Two only left me broken in burning paradise
It drew me near, it drew me near

I'm sorry for the things that I have done
I'm sorry for the pain I caused you
And if I could go back I would, my friend
And show you that I've learned how to be true

The mist moves sleeping
It carries me, it carries me
As I look on through my tears
The two are drawn from me
Say goodbye to me, say goodbye to me

I'm sorry for the things that I have done
I'm sorry for the pain I caused you
And if I could go back I would, my friend
And show you that I've learned how to be true

(I'm sorry for the things that I have done
I'm sorry for the pain I caused you
And if I could go back I would, my friend
And show you that I've learned how to be true)
