Skip forward a couple hours, I've had about eight too many shot  
s  
I am crawling home, I'm going past the shops  
Get a bag of chippies and a snack  
If I make it home, well, I'll get fat  
'Cause I wanna lay in the bed while I'm wasted  
Tomorrow, I'm gonna have a dead head  
Then I will wake up again  
Pick up my phone, get the headache  
You'll be knocking on my door to get workin', I'll be thinking,  
"Fuck this jerk"  
And again, it goes around, never learn my lesson in this town  
Wanna go party all the time, everything else keeps me in line
