

## Closing Time

An Pierlé

Should we get straight to the essentials  
Will I be strong enough to cope  
Should I reply to tricky questions  
When I know my answer's wrong

This is a one-way situation  
You cannot speak of what you did  
And while you left so many questions  
We must guess that this is it

And now i'm lost and overruled  
My eyes sore and  
As time was closing in on you  
Fear stroking

Would you still like me if I blew it  
If I deceived you in your grief  
Though I can't know how you have suffered  
'Cause we live things differently

And now i'm lost and overruled  
My eyes sore and  
I gently lay my hands on you  
Fear stroking

Let's believe  
I try to release you  
You call on me  
But I can't receive you  
Come on and share this thing with me  
I know you can't  
I know you can't

Why can't you share this thing with me

And now i'm lost and overruled  
My eyes are closed and  
As time was closing in on you  
Fear stroking

And now i'm lost and overruled  
My eyes sore and  
I gently lay my hands on you  
Fear stroking

I know you can't
