

Kiss Me

An Pierlé

Oh my love
Cover me
Melting down
Chemistry
High above
Touching your skin
Till the last of the distance
Fades in
I cover you up in your shell
Make us forget
Makes us well

Ooh Kiss me down

Oh my love
Come to me
Make us match
Makes us weak
For Mr. Coolwind
Offers to match at first sight
Sensory nerves say it's
Alright

Ooh Kiss me down
