

# Slow Dance

Ana Popovic

Alright;  
You win.  
You'll get one song,  
One song, my friend.  
And when the music stop,  
We'll say goodbye;  
And then I'll be moving on with my life.

Don't stay too close to me,  
Keep your hands where they're supposed to be.

It's just a slow dance,  
Not a romance;  
You know you've got no chance,  
It's just a slow dance.  
Maybe you're lonely;  
You don't even know me.  
There's not a chance,  
Don't even ask,  
It's just a slow dance.  
You haven't had me,  
In your sight,  
Since the moment I walked in here tonight.

Well, alright,  
I'm gonna let you lead,  
Even though this is something I don't need  
So don't,  
Don't get your hopes too high,  
'Cause I'm not looking,  
I ain't looking for Mr. Right

t's just a slow dance,  
Not a romance;  
You know you've got no chance,  
It's just a slow dance.  
Maybe you're lonely;  
You don't even know me.  
You've got no chance,  
Don't even ask,  
It's just a slow dance.

I'm not gonna tell you how I feel about you,  
And you can't make me fall in love again.  
And whatever spell you thing you've got me under;  
Well, guess what... You're almost out of time.

So don't,  
Don't get your hopes too high,  
'Cause I'm not looking,  
I ain't looking for Mr. Right

It's just a slow dance,  
Not a romance;  
You know you've got no chance,  
It's just a slow dance.  
Maybe you're lonely;

You never know me.  
There's not a chance,  
Don't even ask,  
It's just a slow dance.
