

# Wasted

Ana Popovic

I was making my way to you baby  
But I got wasted on my way  
I was making my way to you baby  
But I got wasted on my way  
I decided to walk  
I bought flowers  
But I got wasted on my way

What I trying to find your house  
It was already light  
If things had have gone so wrong  
Everything would be alright  
Sure enough that time around  
Nothing I can say  
I had my best intentions  
But I've got got wasted on my way

Never greyhound bus not the train  
Can't blame it on the moon  
I only got myself to blame

I got wasted i got wasted on my way  
I even bought a present for your mother  
But I got I got wasted on my way

Sure enough that time around  
I was [?] on paying that much money  
Without spending paying back all my [?]  
I was making my way to you baby  
But I, you know, well yeah
