

Extravaganza!

Anaal Nathrakh

The drop, the shock, the sharp little prick
There is no ?meaning? (to) save you from this demise

Oh the horror your eyes will see
Oh it's hiding on the ?TV screen?
Hiding behind daddy dear, don't peek with your sad little eyes

The block, the chop, the state-sanctioned shank
....We'll keep you safe...

Oh the horror your eyes will see
Oh it's hiding on the ?TV screen?
Hiding behind daddy dear, don't peek with your sad little eyes

Gasp at the ringmaster... "the fairground of life"
Take your seats one and all, the show's about to start

Oh the horror your eyes will see
Oh it's hiding on the ?TV screen?
Hiding behind daddy dear, don't peek with your sad little eyes
