

## Break Away

Anabel England

He didn't call, she said she waited up too late  
It's déjà vu, even though she told me yesterday  
"I used to care, yeah I care too much"  
That's how it is, when love goes one way

I can't wait till you wake up  
All this time spent standing stuck  
Girl you can't keep blaming him  
You've got to break away

Why you out here chasing ghouls  
You should love yourself the most  
Take a trip down the coast  
You've got to break away

Oooh, oooh  
Oooh, oooh  
Ooh

You told him that you loved him and he looked away  
I can relate to repeat a mistake  
Put broken records all for replay  
That's how it is, so let it go, okay

I can't wait till you wake up (Wake up)  
All this time spent standing stuck  
Girl you can't keep blaming him (Hey)  
You've got to break away (Ooh)

Why you out here chasing ghouls  
You should love yourself the most  
Take a trip down the coast  
You've got to break away

Why you out here chasing ghouls  
You should love yourself the most  
Take a trip down the coast  
You've got to break away

Oooh-oooh (Ooh, oooh), oooh-oooh-oooh (Ooh, oooh)  
Oooh-oooh, oooh-oooh-oooh

Yeah, ahh, yeah
