

Get Busy

Anabel Englund

We get busy
We get busy busy busy

We go hard, we get down
We get busy on the ground
We go up, we get high
We get busy in the sky
We go hard, we get down
We get busy on the ground
We go hard, we don't care
We get busy everywhere

We get busy
We get busy busy busy
We get busy
We got busy busy busy

Welcome to the jungle, there's no turning back
Meet me at the threshold better do it fast
We got places to be
We got people to please who need
All of our attention
Kill your inhibitions get into the groove
It's an exhibition got nothing to lose
Except the clothes you got on
It's getting hot take it off, ohh
(Cause I want your attention)

We get busy
We get busy busy busy
We get busy
We got busy busy busy

We go hard, we get down
We get busy on the ground
We go up, we get high
We get busy in the sky
We go hard, we get down
We get busy on the ground
We go hard, we don't care
We get busy everywhere

We go hard, we get down
We get busy on the ground
We go up, we get high
We get busy in the sky
We go hard, we get down
We get busy on the ground
We go hard, we don't care
We get busy everywhere

Feel the syncopation set your body free
It's a sweet sensation when you're touching me
So get get get with the moment
Get get get me on focus
Cause I want your attention

We get busy
We get busy busy busy
We get busy
We get busy busy busy

We go hard, we get down
We get busy on the ground
We go up, we get high
We get busy in the sky
We go hard, we get down
We get busy on the ground
We go hard, we don't care
We get busy everywhere

We go hard, we get down
We get busy on the ground
We go up, we get high
We get busy in the sky
We go hard, we get down
We get busy on the ground
We go hard, we don't care
We get busy everywhere

We get busy
We get busy busy busy
We get busy
We got busy busy busy
We get busy
We get busy busy busy
We get busy
We got busy busy busy
