

Darkness under my skin
I can feel something calling
Harness over my chest as I'm breathing it all in

Lights in my eyes
Searching I know that you're near me
So hypnotized
And I'm fading while falling for you

Wanna touch you, wanna feel you, wanna need you, babe
Hard, slow, soft, play
Wanna touch you, wanna feel you, wanna need you, babe
Long, smooth, light, waves
Wanna touch you, wanna feel you, wanna need you, babe

Wanna touch you, wanna feel you, wanna need you, babe
Wanna touch you, wanna feel you, wanna need you, babe

Undress me with your senses
'Cause I wanna feel it
And I'm ready
To dive in the depths you exist in

Lights in my eyes
Searching, I know that you're near me
So hypnotized
And I'm fading while falling for you

Wanna touch you, wanna feel you, wanna need you, babe
Hard, slow, soft, play
Wanna touch you, wanna feel you, wanna need you, babe
Long, smooth, light, waves
Wanna touch you, wanna feel you, wanna need you, babe

Wanna touch you, wanna feel you, wanna need you, babe
Wanna touch you, wanna feel you, wanna need you, babe
