

So Hot

Anabel Englund

It's so hot
I can barely breathe
Especially with you standin' next to me
And I've tried to pretend
Yeah, I've tried
Messages you keep sendin' me
Notes you keep leavin' places I can see
It's cute
Yeah, it's cute

Let's go somewhere safe
Where I'll meet you underwater
Drown me in your sorrow
I'll meet you underwater
You lead and I will follow

It's so hot
Tell me what you feel inside
Start the way, you know it's right
A different kind of paradise
Driving back
Tell me what you feel inside
Start the way, you know it's right
A different kind of paradise

It's so hot
I can barely breathe
Especially with you standin' next to me
And I've tried to pretend
Yeah, I've tried
Messages you keep sendin' me
Notes you keep leavin' places I can see
It's cute
Yeah, it's cute

Let's go somewhere safe
Where I'll meet you underwater
Drown me in your sorrow
I'll meet you underwater
You lead and I will follow

It's so hot
Tell me what you feel inside
Start the way, you know it's right
A different kind of paradise
It's so hot, so hot
Tell me what you feel inside
Start the way, you know it's right
A different kind of paradise

Driving back to see your face
'Cause you don't have a car
And I can barely contain what I feel
What I feel
So let's go somewhere safe
Where I'll meet you underwater
Drown me in your sorrows

I'll meet you underwater
You lead and I will follow
It's so hot
