

# Miku

## Anamanaguchi

Miku, Miku, you can call me Miku  
Blue hair, blue tie, hiding in your Wi-Fi  
Open secrets, anyone can find me  
Hear your music running through my mind

I'm thinking Miku, Miku (oo-ee-oo)  
I'm thinking Miku, Miku (oo-ee-oo)  
I'm thinking Miku, Miku (oo-ee-oo)  
I'm thinking Miku, Miku (oo-ee-oo)

I'm on top of the world because of you  
All I wanted to do is follow you  
I'll keep singing along to all of you  
I'll keep singing along

I'm thinking Miku, Miku (oo-ee-oo)  
I'm thinking Miku, Miku (oo-ee-oo)  
I'm thinking Miku, Miku (oo-ee-oo)  
I'm thinking Miku, Miku (oo-ee-oo)

Miku, Miku, what's it like to be you?  
20, 20, looking in the rear view  
Play me, break me, make me feel like Superman  
You can do anything you want

I'm on top of the world because of you  
All I wanted to do is follow you  
I'll keep singing along to all of you  
I'll keep singing along  
I'm on top of the world because of you  
I do nothing that they could never do  
I'll keep playing along with all of you  
I'll keep playing along

I'm thinking Miku, Miku (oo-ee-oo)  
I'm thinking Miku, Miku (oo-ee-oo)  
I'm thinking Miku, Miku (oo-ee-oo)  
I'm thinking Miku, Miku (oo-ee-oo)

Where were we walking together?  
I will see you in the end  
I'll take you to where you've never been  
And bring you back again  
Listen to me with your eyes  
I'm watching you from in the sky  
If you forget I'll fade away  
I'm asking you to let me stay  
So bathe me in your magic light  
And keep it on in the darkest night  
I need you here to keep me strong  
To live my life and sing along  
I'm waiting with you wide awake  
Like your expensive poison snake  
You found me here inside a dream  
Walk through the fire straight to me
