Wh-wh-wh-wh-wh-wh-wh-wh
When the sun comes up, yeah I'm rhyming!
Flow like electric, straight through the wi- through the wire
When the sun comes up, yeah I'm rhy- yeah I'm rhyming!
Flow like electric, flow like electric, 'lectric

(Yo yo yo, yo-yo yo, yah!)
When the sun comes up, yeah I'm rhyming!
Flow like electric, straight through the wi- through the wire
When the sun comes up, yeah I'm rhy- yeah I'm rhyming!
Flow like electric, flow like electric, 'lectric

And I'm way too dark
Like, when the sun goes down, yeah I'm shinin'
Like, when the sun comes up, yeah I'm rhymin'!
Haters try and bring me down, I keep movin'
Until the [?] go up
We're the future and trust me I'm tellin' ya
Beats are unique and a flow is irregular
I flow like electric straight through the wire
I need to stop, drop, and roll 'cause I'm on fire
So don't get it twisted man, 'cause I'm lethal
When I've got that mic in my hand
And most of these cats don't understand
That Decipher is the man with the plan so
Right now I'm writing bars on my phone
I'm an idiot, I left my pen and paper at home
So I'm here writing bars to a ringtone
On a bus with mad peeps but I'm still in the zone
