I heed the late starlight  
Between the stars and sky  
Had to reach you, had to reach you  
Had to reach you, had to reach you

La la la, la la-la, la la la, la la-la  
La la la, la la-la, la la la, la la-la la

I heed the late starlight  
Between the stars and sky  
Had to reach you, had to reach you  
Had to reach you, had to reach you
