

## Prom Night

Anamanaguchi

I could be lying next to anyone  
But I'm still thinking of you  
You're like the lighter to my cigarette  
Can't set the flame without you

And if you want me to come over, baby  
Then that's what I'm gonna do  
Just give me all your loving and don't slow down  
And don't you dare hold back at all

Go down and take me up to heaven  
Oh, how I live just to be next to you  
I need you here with me forever  
I live for you to love me

La la la la la love me, love me, love me, love me  
Love me like it's prom night  
I wanna hold you close like it's the very first time  
La la la la la love me, love me, love me, love me  
Love me like it's prom night  
Wanna be this fantasy all night with you

Go down and take me up to heaven  
I live for you to love me

Take me up to heaven

La la la la la love me, love me, love me, love me  
Love me like it's prom night  
I wanna hold you close like it's the very first time  
La la la la la love me, love me, (I want you to) love me, love  
me  
(I wanna hold you so close) Love me like it's prom night  
Wanna be this fantasy all night with you
