

Durango

Anarbor

You know I love to toe the line
I think I'm gonna break some rules tonight
It's easier to say you're right
And honestly it just ain't worth the fight
So leave me in Durango
'Cause I don't feel like going home
No passport, no pesos
Yeah I'll just figure it out on my own

So take the long way home
Leave like a rolling stone
Leave you tonight 'cause
I'm not who I thought I was

Yeah
I could build a home in the dust
So leave me here my darling I'm too fucked up
You wanted me too fucked up
And I fucked up 'cause I got a girl
When I know that I can't trust one
And I runaway when I love someone
Before I go tell me are done or are we done, done, done

You got me caught up I'm downing a bottle for everything bottled away
I don't got problems but back to the start of it you could not follow
my pace
Feeling so terrible get the dinero then get my head out of this space
I don't know where to go babe, wish I wasn't scared of your face

So take the long way home
Leave like a rolling stone
Leave you tonight 'cause
I'm not who I thought I was
So take the long way home
Leave like a rolling stone
Leave you tonight 'cause
I'm not who I thought I was

I'm not who I thought I was
I'm not who I thought I was

So leave me in Durango
I'm not who I thought I was

(So take the long way home)
(Leave like a rolling stone)
