

Emergency

Anarbor

There ain't no need to panic
We got these habits I don't understand it
We hit the cruise control, it's automatic, it's automatic
There ain't no need to panic, need to panic

It's not a secret that I feel how I'm feeling
Am I wasting my time?

It's an emergency!
What's the hold up?
You should've shown up
Kept your composure
Remember it perfectly
What's the hold up?
You should've shown up for yourself
(It's an emergency!)

It's an emergency, you couldn't possibly
Find your way out fast enough
You know you're constantly draining my energy
I'm getting sick of saying "ain't no need to panic"
We get these habits I don't understand it
We got the cruise control
It's wasting my time
Wasting my time

It's an emergency!
What's the hold up?
You should've shown up
Kept your composure
Remember it perfectly
What's the hold up?
You should've shown up for yourself

(It's an emergency!)

Oooh-ee-yeah-yeah
Oooh-ee-yeah-yeah-yeah-yeah
(It's an emergency!)

Oooh-ee-yeah-yeah
Oooh-ee-yeah-yeah-yeah-yeah

I need an EMT like ASAP
Got your tap poured so you stayed flat
Getting too old, living too bold
For me to sit around and just take that
How 'bout you hustle a bit too much to bid
Tell me pull up and there's nobody there
Cannot help but wonder did you ever care?
I highly doubt it (doubt-doubt it)
Parade around like you're surrounded (round-round-rounded)
Until all that falls 'cause we all got flaws
It's all fun in games until she changes and no ones left to call

It's an emergency!
What's the hold up?
You should've shown up
Kept your composure

Remember it perfectly
What's the hold up?
You should've shown up for yourself

(It's an emergency!)

Oooh-ee-yeah-yeah

Oooh-ee-yeah-yeah-yeah-yeah

(It's an emergency!)

Oooh-ee-yeah-yeah

Oooh-ee-yeah-yeah-yeah-yeah
