

Good Time

Anarbor

Where's the good time baby?
(I've been waiting, I've been waiting, I've been waiting)
(I've been waiting, I've been waiting, I've been waiting)

Just one more drink and we'll go
I want to lose control
Ooh-ooh-oh
Ooh-ooh-oh
Take my time and waste it
My mind, erase it
Are you going or you staying?
All you ever seem to say is...

I've been waiting for a long time for a good time
Where's the good time baby?
I've been waiting for you all night, for a good time
Where's the good time baby?

(No time to wait, no time to wait)
Waiting for a long time for a good time baby
(You got to move, what you got to lose?)
Waiting for you all night, where's the good time baby?

You got that look on your face
What game you tryin' to play?
Ay-aay-aay
Ay-aay-aay
Take my time and waste it
My mind, erase it
Tried to call, said you were sleepin'
7:30 on a weekend, well...

I've been waiting for a long time for a good time
Where's the good time baby?
I've been waiting for you all night, for a good time
Where's the good time baby?

(No time to wait, no time to wait)
Waiting for a long time for a good time baby
(You got to move, what you got to lose?)
Waiting for you all night, where's the good time baby?

I've been been waiting (ooh)
I've been waiting yeah
I've been been waiting (ooh)
I've been waiting yeah
I've been been waiting (ooh)
I've been waiting yeah
I've been been waiting (ooh)
I've been waiting yeah

I've been waiting for a long time for a good time
Where's the good time baby?
I've been waiting for you all night, for a good time
Where's the good time baby?

(No time to wait, no time to wait)

Waiting for a long time for a good time baby
(You got to move, what you got to lose?)
Waiting for you all night, where's the good time baby?
