

Who Cares?

Anarbor

Who cares? A fella is always sunny.
Baby who cares? If we ain't got no money baby.
Give you everything, but I will never give you up.
Who cares? I'm never gunna give you up.

It's been a long week baby,
Work's been driving me crazy.
I never wanna go back there,
I don't care what they pay me.
I can let it all go now,
I can drive straight home now.
Wanna get you alone,
And keep you to myself.

Who cares? A fella is always sunny.
Baby who cares? If we ain't got no money baby.
Give you everything, but I will never give you up.
Who cares? I'm never gunna give you up.

If I lost all I had,
I wouldn't be that mad.
You're everything I need,
You know it's that easy.
You can let it all go now,
You can drive straight home now.
Wanna get you alone,
And keep you to myself.

Show me, will you show me, I wanna see.
Pick some merry pics that you wanna be.
Mix up the pills with a little sweet.
Let's not make this complicated.

Who cares? A fella is always sunny.
Baby who cares? If we ain't got no money baby.
Give you everything, but I will never give you up.
Who cares? I'm never gunna give you up.

I can let it all go now,
I can drive straight home now.
Wanna get you alone,
And keep you to myself.
Keep you to myself, come on.

Who cares? A fella is always sunny.
Baby who cares? If we ain't got no money baby.
Give you everything, but I will never give you up.
Who cares? I'm never gunna give you up.

Who cares? Baby who cares?
Who cares? Come on, who cares?
Come on, baby who cares?
Baby who cares?
