Anarchy Club

I can see it in your eyes
Through your teeth the promise lies
And the polish on your grin
Can't you see it's wearing thin
Try to play me like a card
Just to make the easy hard
There's no shadow of a doubt

Motherfucker wanna turn me out (5x)

With you it's all a little game
Shake a hand and drop a name
Take some more then take it all
Motherfucker wanna see you fall
Say you're there to lend a hand
Turn around fuck my girlfriend
There's no shadow of a doubt

Motherfucker wanna turn me out (5x)

Knock me down till you stand tall
See the writing on the wall
Spend your life on borrowed time
Motherfucker wanna five and dime
Try to play me like a card
Just to make the easy hard
There's no shadow of a doubt

Motherfucker wanna turn me out (9x)
