Anarchy Club

I can see it in your eyes
Through your teeth the promise lies
And the polish on your grin
Can't you see it's wearing thin
Try to play me like a card
Just to make the easy hard
There's no shadow of a doubt

Motherfucker wanna turn me out (5x)

With you it's all a little game Shake a hand and drop a name Take some more then take it all Motherfucker wanna see you fall Say you're there to lend a hand Turn around fuck my girlfriend There's no shadow of a doubt

Motherfucker wanna turn me out (5x)

Knock me down till you stand tall See the writing on the wall Spend your life on borrowed time Motherfucker wanna five and dime Try to play me like a card Just to make the easy hard There's no shadow of a doubt

Motherfucker wanna turn me out (9x)
