

Human

Anavae

I want to skin you alive
I want to wear your flesh like a costume
I want to skin you alive
I want to be, I want to be human

Take it from me
This place, it ain't too pretty
Not what I had in mind
It's getting too loud
I want to lay down
Paranoia, your disorder
Mad bitch, no need to shout about it
I think you lost the plot
I swore I wouldn't be a bother
I want to skin you alive
I want to wear your flesh like a costume
I want to skin you alive
I want to be, I want to be human
Yeah, yeah, yeah
I want to be human
Yeah, yeah, yeah
I want to be human

I thought it was cool to feel
Now I'm the fool
What do you take me for?
This wasn't the plan
I wanna lay down
Get away from me
I thought wearing your mask
Would let me understand
Now I'm just covered in

The dirty blood of man
Don't think I wanna know..
Is being human just a joke, a fake, a filthy liar?

I want to skin you alive
I want to wear your flesh like a costume
I want to skin you alive
I want to be, I want to be human
Yeah, yeah, yeah
I want to be human
Yeah, yeah, yeah
I want to be human
I wanna be like them
I wanna tear the smiles right off your skin
If feeling happy is being dumb
I wanna fit right in
I wanna be, I wanna be
I wanna be like them
So i'll take a knife and i'll try again
I wanna fit right in

Yeah, yeah, yeah
I want to be human
Yeah, yeah, yeah

I want to be human

I want to skin you alive

I want to wear your flesh like a costume

I want to skin you alive

I want to be, I want to be human
