

Nowhere BLVD.

Anavae

I found a road
Where they color coded
My pledge of allegiance
Cleared out my soul
Gave me the old ways to deal with my demons
See past the smoke
They cover scars just to shadow the weakness
(Shadow the weakness)
Left all alone
I see only nothing for miles upon miles

I was chasing down the feeling I get when I touch the sky
(Touch the sky)
Dancing through the changes on until the morning light
Now it's you and I
Going nowhere, nowhere tonight

It's alway cloudy
Cause I'm burning tires to break through the ceiling
(Break through the ceiling)
Fill in the bleak
Cause I'm saying nothing
Nothing you would want to miss
Hope to win over all the promises
(Promises)
Lock away our confidence
(Confidence)
They say forever, forever...
Whatever

I was chasing down the feeling I get when I touch the sky
(Touch the sky)
Dancing through the changes on until the morning light
Now it's you and I
Going nowhere, nowhere tonight

(Ah, Ah)
(Ah, Ah)
(Ah, Ah)

We're going separate ways on Nowhere Boulevard
We're going separate ways on Nowhere Boulevard
There's no more time to make on Nowhere Boulevard
We waste away our days on Nowhere Boulevard

Chasing down the feeling I get when I touch the sky
(Touch the sky)
Dancing through the changes on until the morning light
(Morning Light)
Dried up in the desert, clip my wings and stop my flight
(Flight)
Now it's you and I
(You and I)
Going nowhere, nowhere tonight

We're going separate ways on Nowhere Boulevard
(Nowhere Boulevard)

We're going separate ways on Nowhere Boulevard
(Nowhere Boulevard)
We waste away our days on Nowhere Boulevard
