

# Sacrifice

Anavae

As far as the eye can see  
Losing senses  
Distorting psychedelic monstrosity  
Illusion of safety  
A comfortable mirage  
I try to lose focus and sanity

The ones I love are still held captive  
Within are elaborate skeletons  
Prisoners in rib cages  
Devils flirting  
His fingers are crawling into my mouth

Death in love  
Heathens  
Say my name  
I'm hopeless  
Sacrifice an afterlife

Breathe in cycle

And seek our souls through breaking down  
Sense the void  
And break everything and everyone in sight

Rolling eyes  
Ready for flame  
Riddling myself with rotten hope

Death in love  
Heathens  
Say my name  
I'm hopeless  
Sacrifice an afterlife

(Say my name, I'm hopeless)  
Sacrifice an afterlife  
(Say my name, I'm hopeless)  
(Sacrifice)  
(Say my name, I'm hopeless)
