Anberlin

Loose lips sink ships chaos now surrounds me
I've changed since the very first moment that you found me

Critical mask, under attack

Anyone but you
Devotion lies, and truth
Can I just say it's over?
Complicated decoder

Complicated, understated, peace of mind
To you I've never really seemed to walk the line

But I know I know I know, I know me

Anyone but you
Devotion, lies, and truth
Can I just say it's over?
Complicated decoder
(Anyone but you, but you)

Anyone but you (Anyone but you)
Devotion, lies, and truth (Devotion, lies, and truth)
Can I just say it's over?
Complicated decoder
I'm telling you it's over
Complicated decoder
