

Hell Or Highwater

Anberlin

Hell or highwater, I'd come save you
What could keep me now
What could keep me from you

Wherever you are
(Wherever you are)
I'll come find you
No, you're never too far
(You're never too far)
Wherever you are
I'll come find you
It's safe in my arms
Honestly, honestly
Honestly

Hell or highwater, I'd fight my way through
No cross could keep me here
From never reaching you

Wherever you are
(Wherever you are)
I'll come find you
No, you're never too far
(You're never too far)
Wherever you are
I'll come find you
It's safe in my arms
Honestly, honestly
Honestly

Wherever you are
I'll come find you
No, you're never too far
(You're never too far)
Wherever you hide
I'll come save you
It's safe in my arms
Honestly, honestly
Wherever you are
I'll come find you
No, you're never too far
Wherever you hide
I'll come save you
It's safe in my arms
Honestly
