

## Seven

Anberlin

Eyes closed  
Soft slow  
Too far  
Explode

Now  
Drown

Softest pressure of  
Velvet on my tongue  
The sound, echo a touch  
Acting like animals  
Passion and beautiful  
Tonight, we take it all

Now  
Drown

Touch of the knife  
Fully collide  
Slowly enter  
The Vega era now  
Failing to speak  
Watching you breathe  
Slowly enter  
The Vega era now

Chase it down again  
Feel it start to shake  
And now, call out for God  
Too much but not enough  
Blackout and criminal  
Tonight, we take it all

Now  
Drown

Touch of the knife  
Fully collide  
Slowly enter  
The Vega era now  
Failing to speak  
Watching you breathe  
Slowly enter  
The Vega era now

Touch of the knife  
Fully collide  
Slowly enter  
Vega era now  
Failing to speak  
Watching you breathe  
Slowly enter  
Vega era now

Eyes closed  
Soft slow

Too far  
Explode

Now  
Drown

Touch of the knife  
Fully collide  
Slowly enter  
The Vega era now  
Failing to speak  
Watching you breathe  
Slowly enter  
The Vega era now

Chase it  
Feel it start to shake  
Too much but not enough  
Tonight, we take it all  
Now, drown
