

Luminance and Abyss

Ancient Bards

In an age of crystalline wonders
Destiny sundered the paths of two siblings
Eirene, and Lork
Intertwined in hardened spirit, yet divided by fate

Lork, darkened within
Committed patricide and joined the Rejects
Corrupted aeons exiled in the forsaken realms
Eirene awakened to a resplendent inner-light
And guided by their sage grandfather Serafin
Sought to craft an ethereal weapon

Her journey was destined to unveil the enigma
Of the aeons existence
A quest that danced on the delicate edge
Between the brilliance of luminance
And the depths of the abyss
