

With Mephistophelic Egotheism

Ancient Ceremony

Let me introduce myself
Mephistopheles my Name

I spread Egotheism
An Idol of Lust I am
To take Thee out of Sadness
And Obeydiance my Aim
Never wander through spiritual Worlds in Lonelieness

Don't wait for Heaven!
Mephistopheles - Seduction the Black Way
Mephistopheles - True King of this World

Allah, Jehova, Father God
These worthless Designs do fail
Decapitate that Trinity of Falseness
In Faustian Conquest I crush their feeble Lies
"So ist denn alles, was ihr Sunde, Zerstorung,
Kurz das Bose nennt, mein eigentliches Element!"

My Soul is in Knowledge of the Universe
So come to Me
And all Treasures of the Earth can be Thine

I await in Hell!
Mephistopheles - Seduction the Black Way
Mephistopheles - True King of this World
