...and The Horns called for War

Ancient Rites

And the horn called for war!

The Franks strike on, their hearts are good and stout Moors are slain, a thousandfold, in crowds

Left of five score are not two thousand now

No man on earth has more nor better found

In chronicles of Franks is written down

What vassalage he had, our Emperor

(Charlemagne)

And the horns...called for war!

Marvelous in the battle now and grand The Franks here strike, their good brown spears in hand Then had you seen sorrowing of clans So many a slain, shattered and bleeding man!

Biting the earth, or piled here on their backs! The Saracens cannot withstand the attack!

And the horns... called for war And the horns... called for war!!!!!!!

No house stood there but straight Its walls must crack
In full mid-day
The darkness was so grand
And no light was in the land

And many said, We in the judgement stand The end of time is presently at hand They spoke no truth, they did not understand Out was the great day of mourning for Roliant

And the horns.. called for war And the horns... called for war!!!!!!!

Marvelous in the battle now and grand
The Franks here strike, their good brown spears in hand
Then had you seen sorrowing of clans
So many a slain, shattered and bleeding man!
Biting the earth, or piled here on their backs!
The Saracens cannot withstand the attack!

And the horns.. called for war!!!
