## **Aphelion Light Evanescence Into Extinction**

## ...and Oceans

It's a crime - it is a crime to be innocent In life - in this life and presence All life - all life is indifferent Now's when - when all's past and gone

[Chorus:] Turn away - fade away Turn away - fade away

It's a crime - it is a crime to be silent When colours - when colours have no nuance You little - you little insects Splashed out - splashed out of all essence

Fade away - fade away Fade away - closer every day

[Chorus]
