

Heart Of Stone

And One

They want to become one flash
The video shows the body crash
Take on oath to fall from grace
Decide it with a devils face

Drag their victim to the shack
Unobserved put on their black
With agony and fear of death
First pray to god with the last breath

Loser means leave him alone
But leaders got a Heart Of Stone
Out of pity with their guests
Buried alive and lay to rest
(Seems like magic light - stars are shining bright)

Holz - Schlinge - Schließe meine Augen
Süßlicher Geruch betäubt meine Sinne
Vergebung für mein sein - hör' die Bäume schreien
Ich spüre Euren Atem

Loser means leave him alone
But leaders got a Heart Of Stone
Out of pity with their guests
Buried alive and lay to rest
(Seems like magic light - stars are shining bright)
