

Love And Fingers

And One

Mother's boy
small and shy

he's a boy in the cage
a man of middle age
wow, I think he looks like his mother

all his life a fashion show
a hard man's job - oh no
with a dress in a coalmine - no

mother's boy
small and shy

somebody knew
(somebody knew)
somebody knew the moving downers
love and fingers

so he left his motherland
to find a metalband
now on bravos brand new cover
I can't understand
he's every father's lover

mother's boy
father's toy

somebody knew...
