```
Mother's boy
small and shy
he's a boy in the cage
a man of middle age
wow, I think he looks like his mother
all his life a fashion show
a hard man's job - oh no
with a dress in a coalmine - no
mother's boy
small and shy
somebody knew
(somebody knew)
somebody knew the moving downers
love and fingers
so he left his motherland
to find a metalband
now on bravos brand new cover
I can't understand
he's every father's lover
mother's boy
father's toy
```

somebody knew...
