

## Recover you

And One

Come on sweetie do you remember me  
I was the boy from the band And One  
Come to me let's have some dirty fun  
A nasty piece of work

Follow me I'm the only one  
I am up cause I am down  
Come to me don't listen to the clown  
You nasty piece of work

I will recover you  
I will recover you  
Be here, be mine, give me a sign  
I will recover you

Trust in me I'll give you what you need  
Smash you up and crash you down  
Come to me watch out for innocence  
You nasty piece of work
