

Sex Drive

And One

Sex drive, slut ahead
She's waiting for the moment on the water bed
Sex drive, the night is near
It feels like home but something's going wrong here

'Cause I am home alone, there's nothing to moan
Pop, pop, flying over your head now
'Cause I am home alone there's nothing to moan
Pop pop, flying over your head now

Sex drive, slut ahead
She's waiting for the moment on the water bed
Sex drive, the night is near
It feels like home but something's going wrong here

'Cause I am home alone there's nothing to moan
Pop, pop, flying over your head now
'Cause I am home alone there's nothing to moan
Pop, pop, flying over your head now

Flying over your head now

'Cause I am home alone, there's nothing to moan
Pop, pop, flying over your head now
'Cause I am home alone there's nothing to moan
Pop pop, flying over your head now

'Cause I am home alone, there's nothing to moan
Pop, pop, flying over your head now
'Cause I am home alone there's nothing to moan
Pop pop, flying over your head now

Flying over your head now
Flying over your head now
