

# Girlfriend

Anderson East

I can't fight it  
She got me hot and bothered  
Her ring rock 'round her finger  
Showing me I shouldn't want her  
And brother we might have problems  
Cause she's tearin' me down and I'm tempted  
And I ain't gonna say I'm sorry now  
I think I'm in love with your girlfriend

I think I'm in love, think I'm in love  
I think I'm in love with your girlfriend

She's putting me out there  
And she got a look like she leaving  
It looks like she knows what she's wantin'  
And I think I'm just what she's needin'  
Brother we might have problems  
But I ain't here for fending  
But I ain't gonna say I'm sorry now  
I think I'm in love with your girlfriend

I think I'm in love, think I'm in love  
I think I'm in love with your girlfriend  
Ooh, ooh  
I think I'm in love, think I'm in love  
I think I'm in love with your girlfriend

Ooh, ooh  
I think I'm in love, I think I'm in love  
I think I'm in love with your girlfriend  
(Yeah)  
I think I'm in love  
I think I'm in love with your girlfriend

Yeah  
I think I'm in love  
I think I'm in love  
Think I'm in love with your girlfriend
