

I'd Do Anything

Anderson East

For the sake of your heart
For my peace of mind
Just to be sure you're ok
To keep storm clouds at bay
When living is hard
I'll make it easy
When it comes to this love
Baby, believe me

I'd do anything
I'd do anything

To hold on to this moment
To See the light in your eyes
To make you feel how good you are
To keep a fire when it's dark
When there's nowhere to go
Back's to the wall
I'd take a bullet, I'd take the fall

I'd do anything
I'd do anything

I had to do
To prove to you
It's the truth

I'd do anything
I'd do anything

To hold on to this moment
