

EnAmoria

Andi Deris

I believe we can change
I believe we have strength
Let us carry the world

We are part of the game
So let's give it a name
Let's believe in the same

I believe in you

I believe in EnAmoria
I believe somewhere it lies
I believe in EnAmoria

It can happen to me
It might happen to you
We all know this is true

When there's someone in need
Don't step back, don't recede
We all know what's to do

I believe in you

I believe in EnAmoria
I believe somewhere it lies
I believe in EnAmoria

Somewhere it lies
Somewhere it lies
Somewhere it lies

I believe in EnAmoria
I believe somewhere it lies
I believe in EnAmoria

Somewhere it lies
Somewhere it lies
Somewhere it lies
Somewhere it lies in you
