

# Bittersweet

Andi

Don't really know how to say it  
Without making myself look crazy  
Lately you and I are on my mind  
It don't feel right when you're not there  
But when we're together I don't care  
Don't know what you're thinking of you and I

But with your hands all over me  
It's impossible to think maybe this is a mistake

Bitter then you're sweet  
All the ways that you love me  
I'm so tired of giving my love away  
What you do to me hits me hard it makes me weak  
But there's something that makes me wanna stay  
Oh, my baby  
Heavenly  
Ruin me  
Bittersweet the give and take  
Desperately  
On my knees I pray to win this bittersweet game you play  
Bittersweet game you play, play

Looks sure can be deceiving  
Wouldn't take you for one who is greedy  
I can see desire in your eyes  
Take every last ounce from me  
Till I'm left with nothing  
Then you up and leave with no goodbye

But with your hands all over me  
It's impossible to think maybe this is a mistake

Bitter then you're sweet  
All the ways that you love me  
I'm so tired of giving my love away  
What you do to me hits me hard it makes me weak  
But there's something that makes me wanna stay  
Oh, my baby  
Heavenly  
Ruin me  
Bittersweet the give and take  
Desperately  
On my knees I pray to win this bittersweet game you play

Ooh, ooh, oh  
Gonna leave an aftertaste

Bitter then you're sweet  
All the ways that you love me  
I'm so tired of giving my love away (Giving my love away)  
What you do to me hits me hard it makes me weak  
But there's something that makes me wanna stay  
Oh, my baby  
Heavenly  
Ruin me  
Bittersweet the give and take

Desperately  
On my knees I pray to win this bittersweet game you play  
Ooh, ooh, oh  
Bittersweet game you play
