

Can't Break Up

Andi

I've learned not to get my hopes up
He's learned that I'll hope he calls (He calls)
Maybe he'll bring a dozen roses
But by now I've learned he'll probably won't
'Cause he's got a girlfriend she looks real mean (Real mean)
Bet she doesn't know how to write songs
Wishin' one day he'll leave her for me
But their break ups, they don't last that long

So we're back at the start
Then she's back in your arms
And I'm back in the dark

So I'll be cheering him on as he breaks my heart
Can't even the score when it's ten to one
Yeah, I'm well aware it's the end of us
'Cause if you never had him you can't break up
Crying again on the cold hard floor
Guess I won the game of love you more
No closure for fools who fall in love
'Cause if you never had him you can't break up

Not really sure if I loved you (Loved you)
Or just the version in my head
We can't go back to being strangers
I can't just make myself forget (Ooh)

So we're back at the start
And she's back in your arms
And I'm back in the dark

So I'll be cheering him on as he breaks my heart
Can't even the score when it's ten to one
Yeah, I'm well aware it's the end of us
'Cause if you never had him you can't break up
Crying again on the cold hard floor
Guess I won the game of love you more
No closure for fools who fall in love
'Cause if you never had him you can't break up

Is it all in my head?
Will I live to regret?
Someone tell me how can I lose something I never had
Where's the logic in that?
I would do it again
'Cause I miss

Cheering him on as he breaks my heart (Breaks my heart)
Can't even the score when it's ten to one
Yeah, I'm well aware it's the end of us
'Cause if you never had him you can't break up
Crying again on the cold hard floor
Guess I won the game of love you more
No closure for fools who fall in love
'Cause if you never had him you can't break up
