

# Don't Deserve This

Andi

Time of the excuses  
Weren't supposed to lose this  
It was just for fun  
And now you're holding the gun  
I'm left with these bruises on my heart

How did we get here?  
Wasted three and a half years  
All those stupid games  
That I didn't wanna pay  
Now I can't take down these walls

If I try...  
I don't wanna be the reason  
Blame it on the changing seasons  
It's not my fault, after all  
Not my fault...

Oh, I can't blame you for leaving  
I was wrong for mistreating you, baby  
I was wrong  
Now my heart can go on, oh  
I don't deserve this  
Oh, oh, uh  
Ah, ah, ah  
Oh, oh, oh

It was on my birthday  
Didn't think it'd be the worst day  
No, "How did your day go?"  
Or simply just "hello"...

How can I ever love again?

I don't wanna be the reason  
Blame it on the changing seasons  
It's not my fault, after all  
Not my fault

Oh, I can't blame you for leaving  
I was wrong for mistreating you, baby  
I was wrong  
Now my heart can go on, oh  
I don't deserve this  
Oh, oh, uh  
Ah, ah, ah  
Oh, oh, oh...

In my car, I'm crying in the Homeway parking lot  
Tryna keep myself together  
With everything I've got  
It's not working  
Oh, maybe I deserve this...
