Andi

Dumb blonde

He's just on vacation  
She's a family friend in his bed  
Turned off his location  
Just an accident, phone was dead  
I'm so lucky and so clueless  
Sleep with her and bring me tulips  
Really hate to break the news  
And tell him I've been playing stupid

One chance, two chance, three, I'm done  
Heading to the hair salon 'cause

He thinks I'm a dumb blonde  
Guess that means I'm dumb hot  
Wish he knew I take it as a compliment  
He meant it as the opposite, but  
So what, if I am a dumb blonde  
What a way to go and boost my confidence  
Oh, I should give my stylist a raise

Dumb, blonde  
He thinks I'm so  
Dumb, blonde  
Blonde

Finally cut him lose like all of my split-ends (We split the ends)  
Then I wrote this song about him (About who?)  
Now I'm going double platinum (Like it's hard?)  
First the hair and now the album

One chance, two chance, three, I'm done  
Heading to the hair salon

He thinks I'm a dumb blonde  
Guess that means I'm dumb hot  
Wish he knew I take it as a compliment  
He meant it as the opposite, but  
So what, if I am a dumb blonde  
What a way to go and boost my confidence  
Oh, I should give my stylist a raise

Dumb, blonde  
He thinks I'm so  
Dumb, blonde  
Blonde

Bring on the bleach, rinse and repeat  
He's gonna beg down on his knees  
Bet he regrets it now he's gone  
Shouldn't have messed with a blonde  
Bring on the bleach, rinse and repeat  
He's gonna beg down on his knees  
Bet he regrets it now he's gone  
Shouldn't have messed with

A dumb blonde  
Guess that means I'm dumb hot  
Wish he knew I take it as a compliment  
He meant it as the opposite, but  
So what, if I am a dumb blonde  
What a way to go and boost my confidence  
Oh, I should give my stylist a raise

Dumb, blonde  
He thinks I'm so  
Dumb, blonde

Dumb, blonde  
Don't mess with a  
Dumb, blonde
