

Everyone's The Same

Andi

Beware of the static
I'm coming down, this time
Don't say that you love me if it's just a lie

Push and pull
It's back and fourth
I'm going crazy
Don't pretend you want me
If it's just my body

Oh, my my
Everyone's the same
All the damn time
Fucking with my brain
Why do you lie?
Won't do this again
Baby, my my
Everyone's the same
They're the same
Everyone's the same
They're the same

Yeah
Don't call me yours
And get mad when I
Believe it
And don't call me crazy
When I call you out
On your bullshit

Say you don't play games
But I'm a game changer
Then just act the same
And act like I'm a stranger

Oh, my my
Everyone's the same
All the damn time
Fucking with my brain
Why do you lie?
Won't do this again
Baby, my my
Everyone's the same
They're the same
Everyone's the same
They're the same

Please don't be heartless
Please just be honest
Boy do you want this
Or am I a joke to you
Is this what all boys do?

Oh, my my
Everyone's the same
All the, damn time
Fucking with my brain

Why do you lie?
Won't do this again
Baby, my my
Everyone's the same

They're the same (Damn time)
They're the same (You lie)
Yeah (My, my)
Everyone's the same
They're the same
Ooh (Damn time)
Ah-ah-ah (You lie)
Ah-ah-ah-oooh
(My, my)
Everyone's the same
They're the same
