

Love You Back

Andi

Almost caved and looked you up
Don't wanna ruin the rest of my month
Thought I moved on, kissed strangers
Turns out that isn't enough
Ran into some of your friends
Put on a smile like I couldn't care less
When they brought you up, my heart sunk
I tried so hard to forget
How you left my

Heart on the run
My fingers shakin', my hand's on the gun
Turned off the safety, can't trust anyone
When all's said and done, it all leads back to you

Don't wanna end up in my twenties
Thinkin' 'bout how you used to love me
We could've been, you'd be the one
If almost was, it was enough
How long will I remain haunted?
I wasn't the one that you wanted
But time will heal and time will pass
But I'll never not love you back

Funny there was no goodbye
Love of my life, but your love made me cry
When I think of the last time I saw you, I can't see your eyes

Heart on the run
My fingers shakin', my hand's on the gun
Turned off the safety, can't trust anyone
When all's said and done, it all leads back to you

Don't wanna end up in my twenties
Thinkin' 'bout how you used to love me
We could've been, you'd be the one
If almost was, it was enough
How long will I remain haunted?
I wasn't the one that you wanted
But time will heal and time will pass
But I'll never not love you back

You were the best thing I never had
If I had the chance, I would turn time back
At the end of the day, no, it doesn't work like that

Don't wanna end up in my twenties
Thinkin' 'bout how you used to love me
We could've been, you'd be the one
If almost was, it was enough
How long will I remain haunted?
I wasn't the one that you wanted
But time will heal and time will pass
But I'll never not love you back

(I will not, love you back)
(Love you back) (My hand's on the gun)

(Love you back)
(Love you back) (Can't trust anyone)
(Love you back)
(Love you back)
Love you back
