

Runner Up

Andi

They say that if he wanted to he would
But I don't call you and I could
Don't wanna fit the desperate part
My friends tell me I shouldn't overthink
I'm going over everything
And how to become what you want

But she's prettier and skinnier and everything I'm not
So what am I supposed to do if loving you's all that I've got?

How could you think I'd believed the timings wrong?
When you moved on so fast and she's there on your arm
Oh, you promised me I'd always be more than good enough
But here I am again
I'm back here again
As her runner up

Oh, it's so funny the way that it works
The part when you wanted me first
Now I'm stuck in my own throat

'Cause she's prettier and skinnier and everything I'm not
So what am I supposed to do when loving you's all that I've got
?

How could you think I'd believed the timings wrong?
When you moved on so fast and she's there in your arms
Oh, you promised me I'd always be more than good enough
But here I am again
I'm back here again
As her runner up

You don't deserve me
I know my worth and so will he
He'll put me first, better believe
I'll be just fine you'll see

How could you think I'd believed the timings wrong?
When you moved on so fast and she's there on your arm
Oh, you promised me I'd always be more than good enough
But here I am again
I'm back here again
As her runner up
