

## Break Your Fall

Andra Day

It gets worse with time  
Oh, it's a long way down from here  
They normally don't stay with me  
Once the morning light appears  
I don't have much to give, but here is my heart  
And I pray it breaks your fall  
Breaks your fall

I should warn ya, this will probably hurt like hell  
I don't do love or lovers very well  
I fade like flowers on days like this  
It's amazing you made it past that first kiss  
I don't have much to bring, you've seen it all  
And I pray it breaks your fall  
Breaks your fall

'Cause there's no remedy for staying next to me  
The pain's contagious  
I warned ya so I'll blame ya  
If you stay, it's your loss  
Probably say it's my fault, and it is  
But it is what it is, mm

Oh, it gets worse with time  
It's a long way down from here  
They normally don't stay with me  
No, they normally don't stay with me  
When morning light comes near  
I don't have much to give, but here is my heart  
And I pray it breaks your fall  
Breaks your fall
