

Barcelona

Andra

I just wanna get away one night in Barcelona
There we can do anything
The things we really wanna
Under the sky
Sangria wine
You re body on mine
Let s go for tonight
I just wanna get away
One night in Barcelona

Don't need a reason to stay tonight
Don't need no one to tell me what is right
Oh you re more than a feeling and I can deny my heart
All the longing for you
Is the hardest part

It feels so heavenly
Our love is like a sweet sweet melody
Never let me go cause I don't wanna be set free

I just wanna get away one night in Barcelona
There we can do anything
The things we really wanna
Under the sky
Sangria wine
You re body on mine
Let s go for tonight
I just wanna get away
One night in Barcelona

The woman I love has a pretty, pretty face
And dancin' ah di riddim has a pretty, pretty waist
No stylist, she has ah pretty, pretty taste
Bound to me cah we are pretty, pretty laced
Eyes so big and dem full of grace
Gyal yuh a lead nah need fi di stress
Bompa so phat so give her backspace
Gyal yuh a lead nah need fi di stress

It feels so heavenly
Our love is like a sweet sweet melody
Never let me go cause I don't wanna be set free

I just wanna get away one night in Barcelona
There we can do anything
The things we really wanna
Under the sky
Sangria wine
You re body on mine
Let s go for tonight
I just wanna get away
One night in Barcelona

I just wanna get away one night in Barcelona
There we can do anything
The things we really wanna
Under the sky

Sangria wine
You re body on mine
Let s go for tonight
I just wanna get away
One night in Barcelona
