

Something New

Andra

Something new is going on tonight
I like this grove, it makes me feel so right
Darling you know you better hold on tight
Something new is coming on tonight

So nice
I am going to do it twice
So nice
So so nice

I just don't want to stop
Don't want to drop
This feeling that i got

I just don't want to stop
Don't want to drop
This feeling that i got

Can you hear me come
La la la la la la la
Coming like a drum
la la la la la la la

Can you hear me say
La la la la la la la
Let me hear you say
La la la la la la la

Something new is going on tonight
I like this grove is make me feel so right
Listen

I just don't wanna stop
Don't wanna drop
This feeling that i got

I just don't wanna stop
Don't wanna drop
This feeling that i got

Can you hear me sing
La la la la la la la
Let me hear you sing
La la la la la la la

Listen

I just don't wanna stop
Don't wanna drop
This feeling that i got

I just don't wanna stop
Don't wanna drop
This feeling that i got
