

# What About Us

Andra

I'm thinking about you  
I'm wondering what have you done to me  
'Cause when we're together  
So mesmerizing the way we...

Dance under the moonlight and the sun  
'Cause you make me feel like I wanna  
Dance under the moonlight and the sun

What about us?  
What about you, baby?  
What about us?  
What about me?

I'm thinking about you  
I'm wondering what have you done to me  
'Cause when we're together  
So mesmerizing the way we...

Dance under the moonlight and the sun  
'Cause you make me feel like I wanna  
Dance under the moonlight and the sun

What about us?  
What about you, baby?  
What about us?  
What about me?

Do you love me like I love you?  
When tomorrow comes, if tomorrow comes  
'Cause I don't wanna lose you  
Oh... oh...

You remember things I told you?  
Like I love you, like I need you  
'Cause, baby, they were so true  
Oh... oh...

What about us?  
What about you, baby?  
What about us?  
What about me?

Love, love, love  
Love, love, love  
Love, love, love  
Love, love, love  
Love
